What was the attendance rate in June vs. upcoming in Sept?

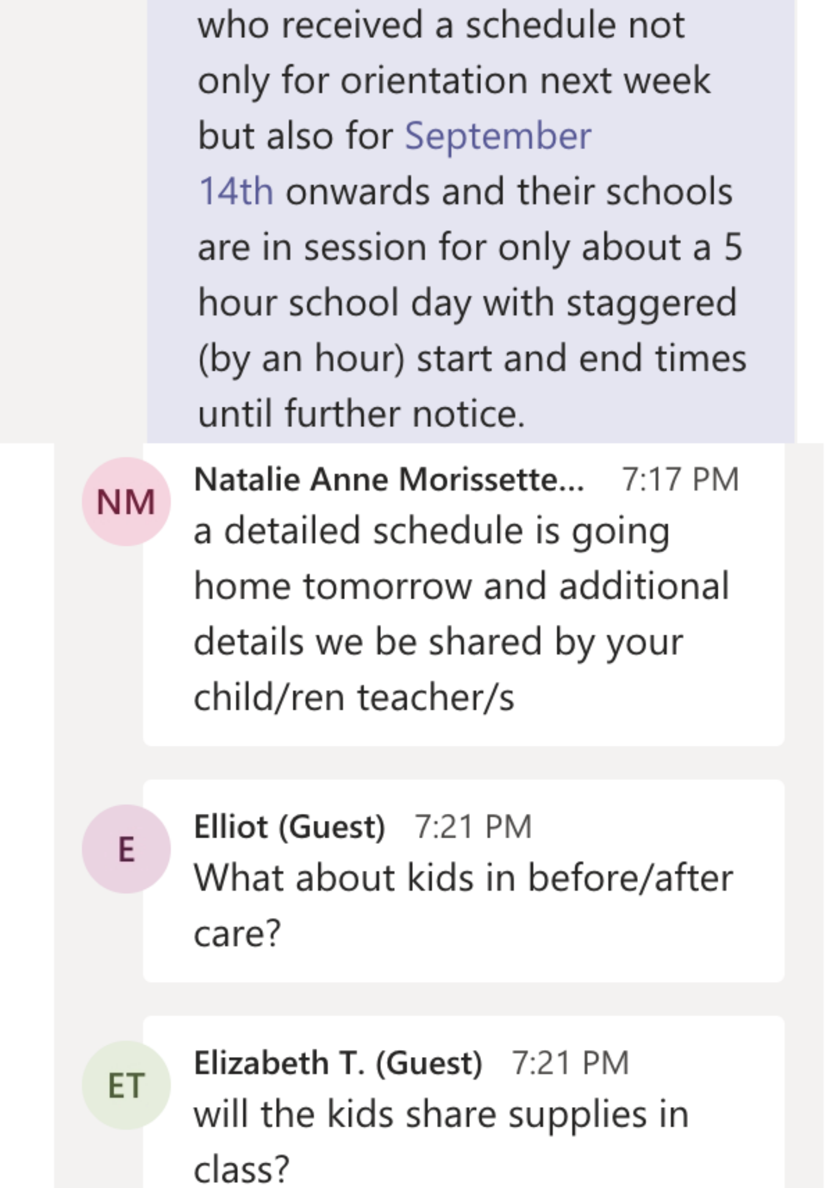
Daphne joined the meeting.

Natalie Anne Morissette... 7:13 PM

the same.... a bit more than June

7:15 PM

question received in pac email:
I was wondering, for the purposes of planning before and after school childcare and work meetings, if starting September 14th the kids will be in school full 6 hour days or close to it?
The reason I ask is I have friends in the suburbs at public schools

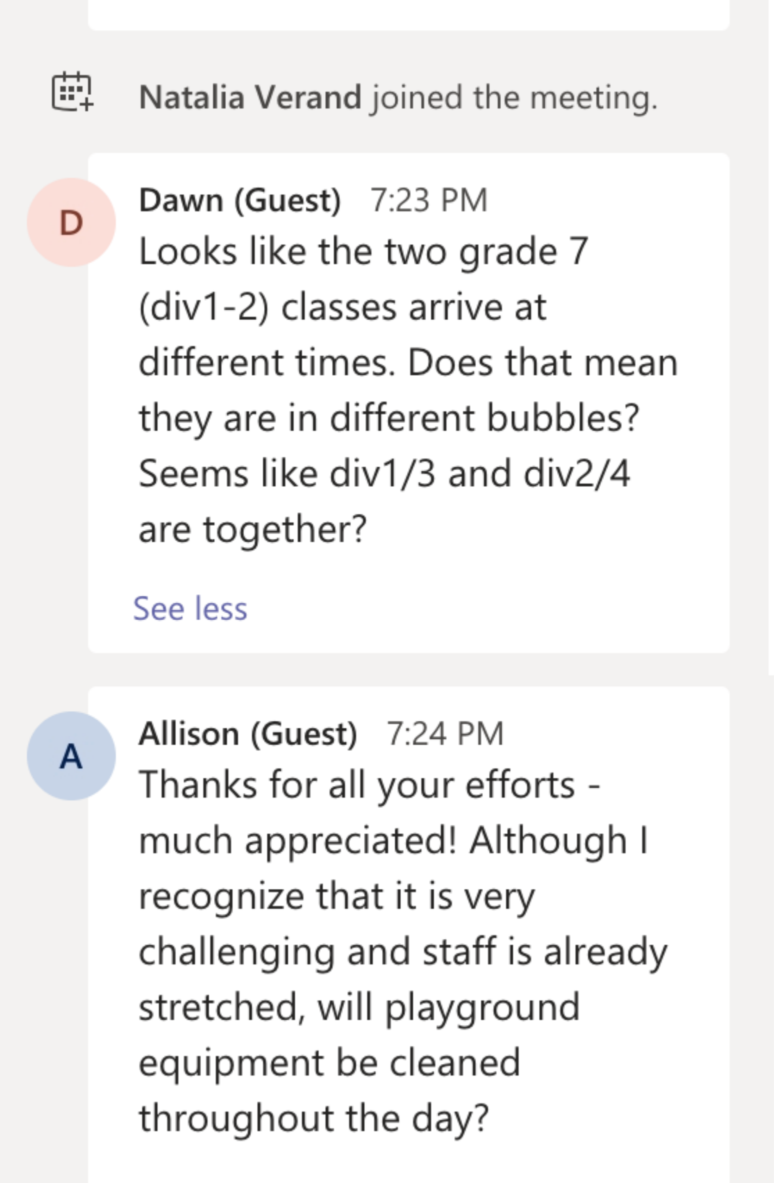


who received a schedule not only for orientation next week but also for September 14th onwards and their schools are in session for only about a 5 hour school day with staggered (by an hour) start and end times until further notice.

Natalie Anne Morissette... 7:17 PM
a detailed schedule is going home tomorrow and additional details we be shared by your child/ren teacher/s

Elliot (Guest) 7:21 PM
What about kids in before/after care?

Elizabeth T. (Guest) 7:21 PM
will the kids share supplies in class?



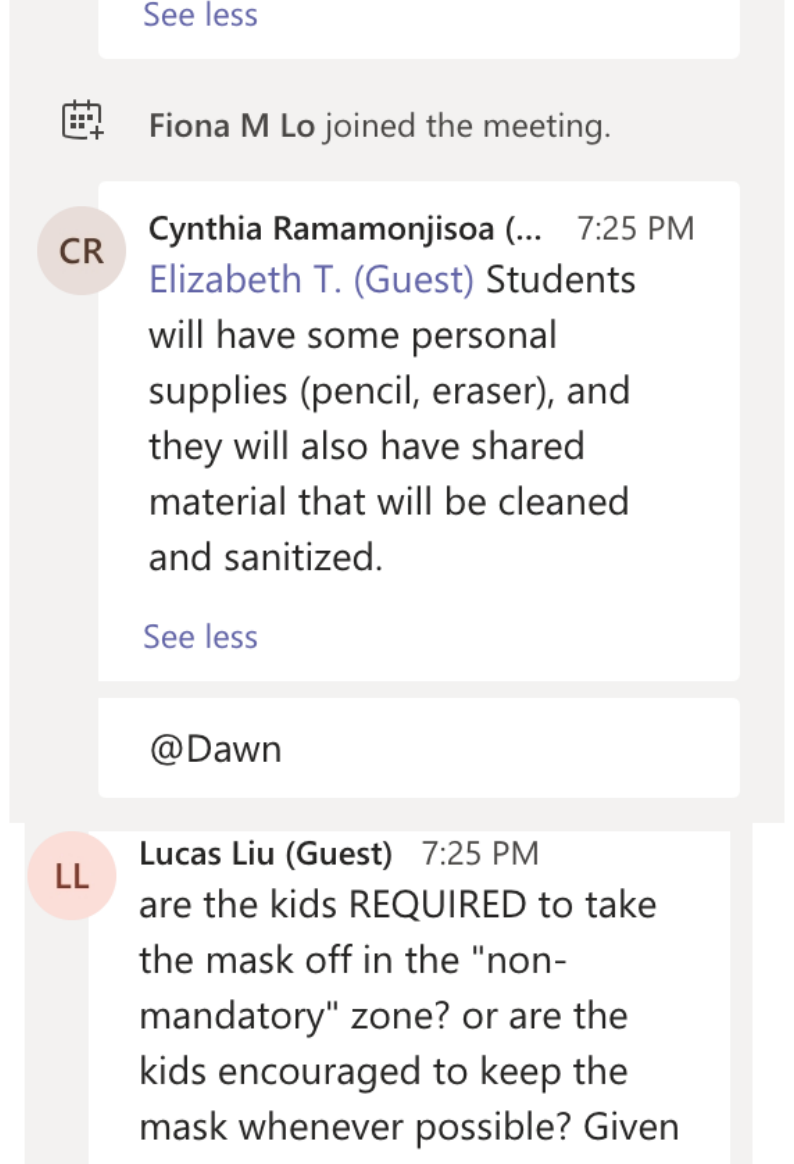
Natalia Verand joined the meeting.

Dawn (Guest) 7:23 PM

Looks like the two grade 7 (div1-2) classes arrive at different times. Does that mean they are in different bubbles? Seems like div1/3 and div2/4 are together?

Allison (Guest) 7:24 PM

Thanks for all your efforts - much appreciated! Although I recognize that it is very challenging and staff is already stretched, will playground equipment be cleaned throughout the day?



Fiona M Lo joined the meeting.

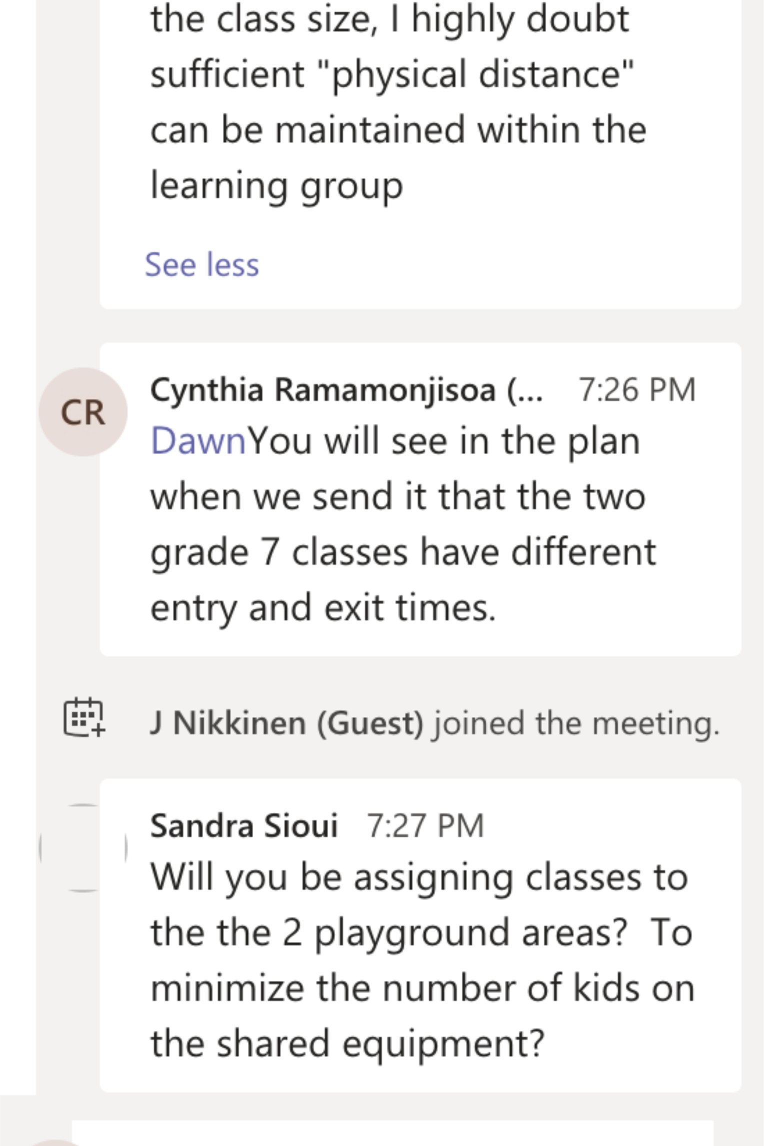
Cynthia Ramamonjisoa (... 7:25 PM

Elizabeth T. (Guest) Students will have some personal supplies (pencil, eraser), and they will also have shared material that will be cleaned and sanitized.

@Dawn

Lucas Liu (Guest) 7:25 PM

are the kids REQUIRED to take the mask off in the "non-mandatory" zone? or are the kids encouraged to keep the mask whenever possible? Given



the class size, I highly doubt sufficient "physical distance" can be maintained within the learning group

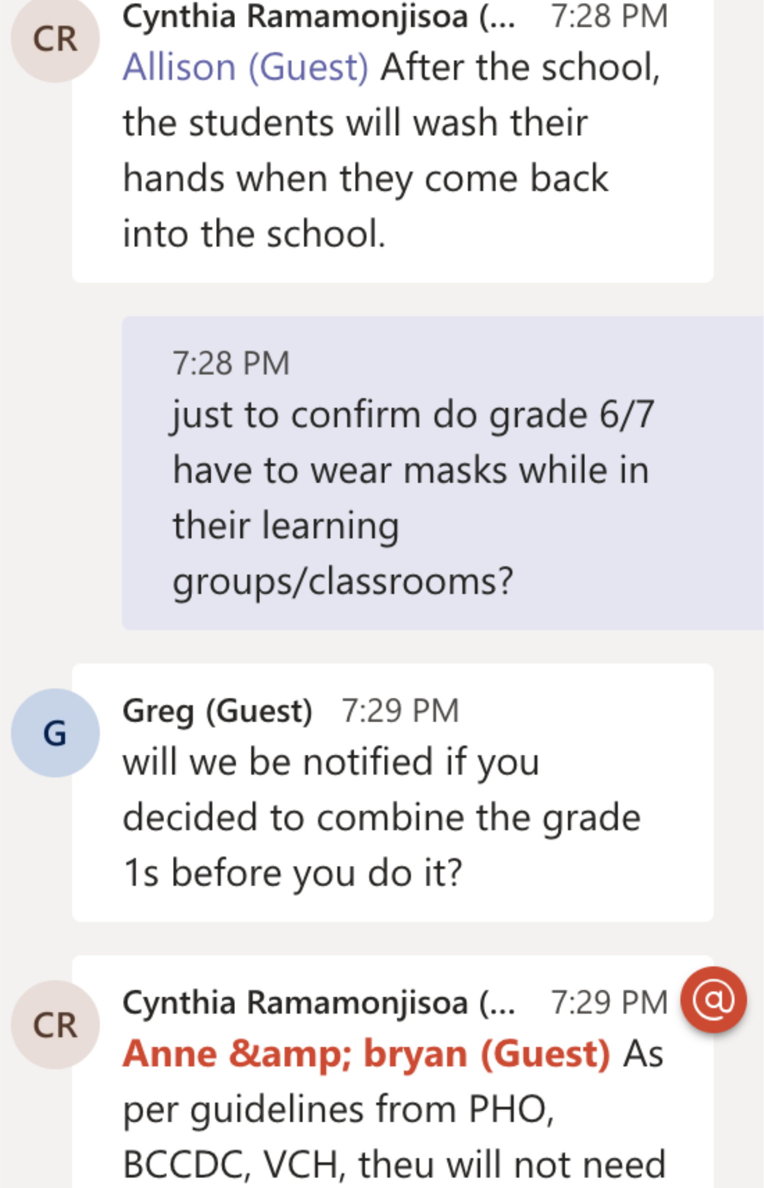
Cynthia Ramamonjisoa (... 7:26 PM

DawnYou will see in the plan when we send it that the two grade 7 classes have different entry and exit times.

J Nikkinen (Guest) joined the meeting.

Sandra Sioui 7:27 PM

Will you be assigning classes to the the 2 playground areas? To minimize the number of kids on the shared equipment?



Cynthia Ramamonjisoa (... 7:28 PM

Allison (Guest) After the school, the students will wash their hands when they come back into the school.

7:28 PM

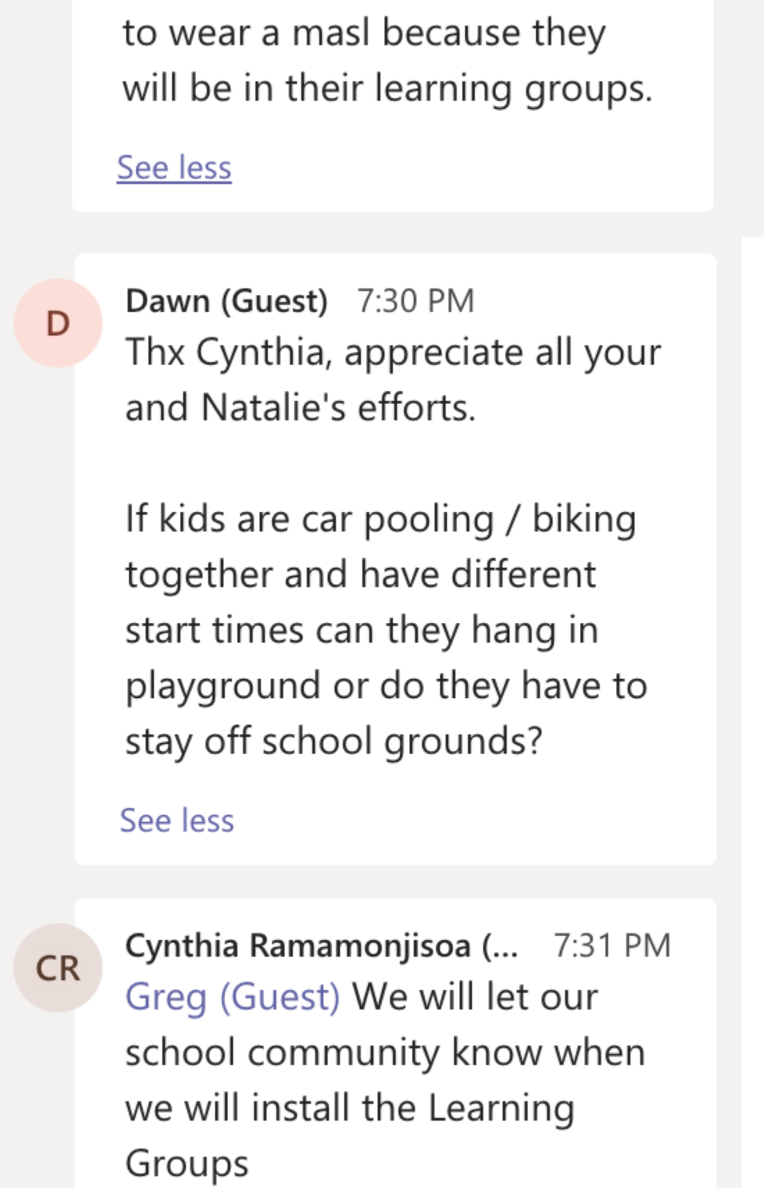
just to confirm do grade 6/7 have to wear masks while in their learning groups/classrooms?

Greg (Guest) 7:29 PM

will we be notified if you decided to combine the grade 1s before you do it?

Cynthia Ramamonjisoa (... 7:29 PM

Anne &amp; bryan (Guest) As per guidelines from PHO, BCCDC, VCH, theu will not need



to wear a masl because they will be in their learning groups.

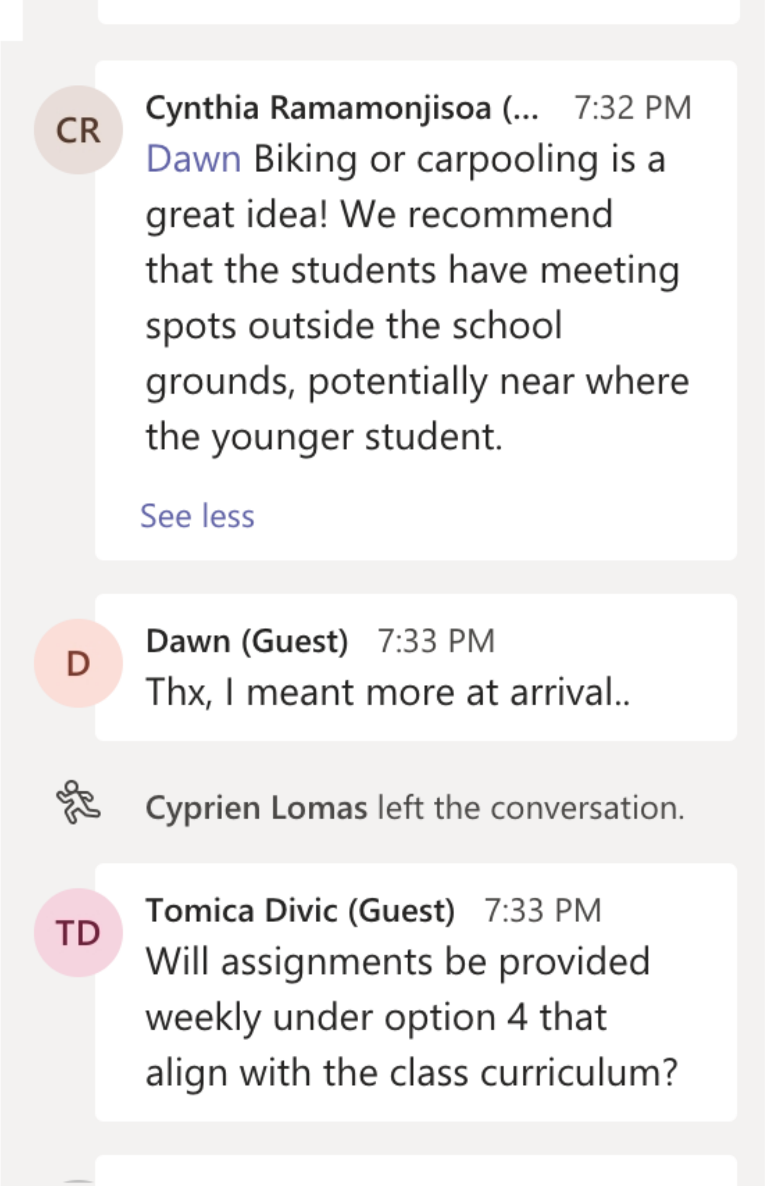
Dawn (Guest) 7:30 PM

Thx Cynthia, appreciate all your and Natalie's efforts.

If kids are car pooling / biking together and have different start times can they hang in playground or do they have to stay off school grounds?

Cynthia Ramamonjisoa (... 7:31 PM

Greg (Guest) We will let our school community know when we will install the Learning Groups



Cynthia Ramamonjisoa (... 7:32 PM

Dawn Biking or carpooling is a great idea! We recommend that the students have meeting spots outside the school grounds, potentially near where the younger student.

Dawn (Guest) 7:33 PM

Thx, I meant more at arrival..

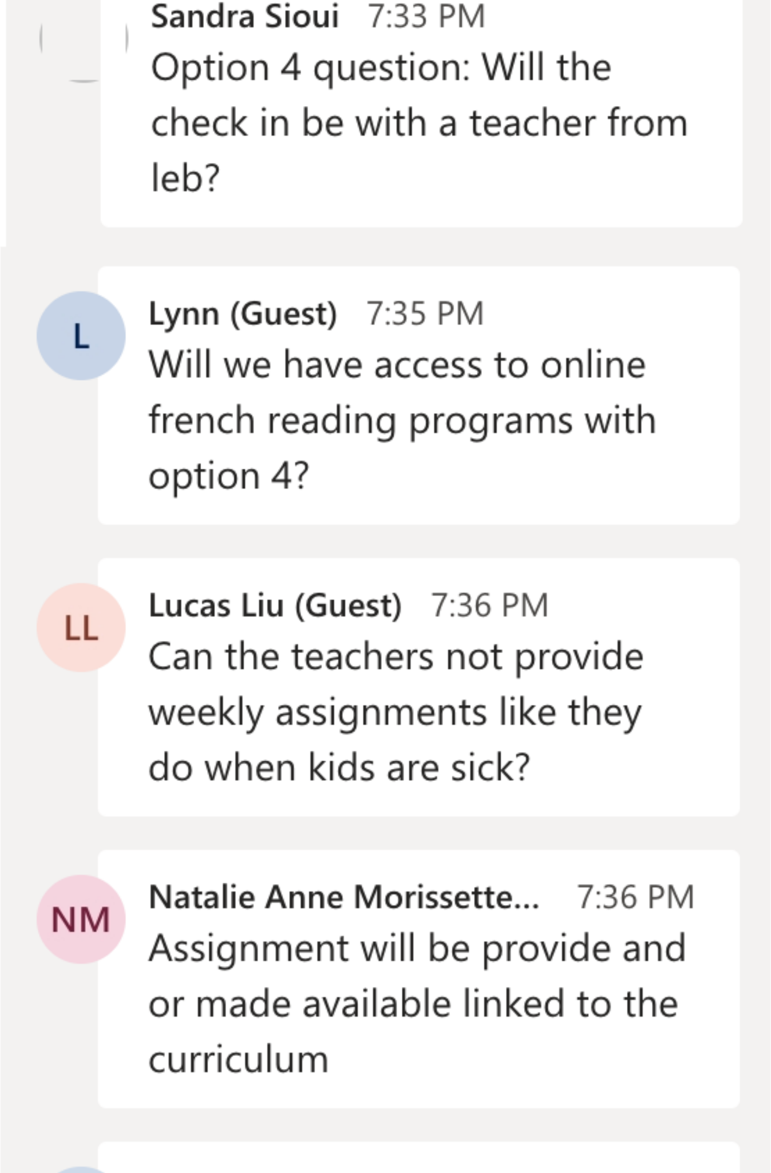
Tomica Divic (Guest) 7:33 PM

Will assignments be provided weekly under option 4 that align with the class curriculum?

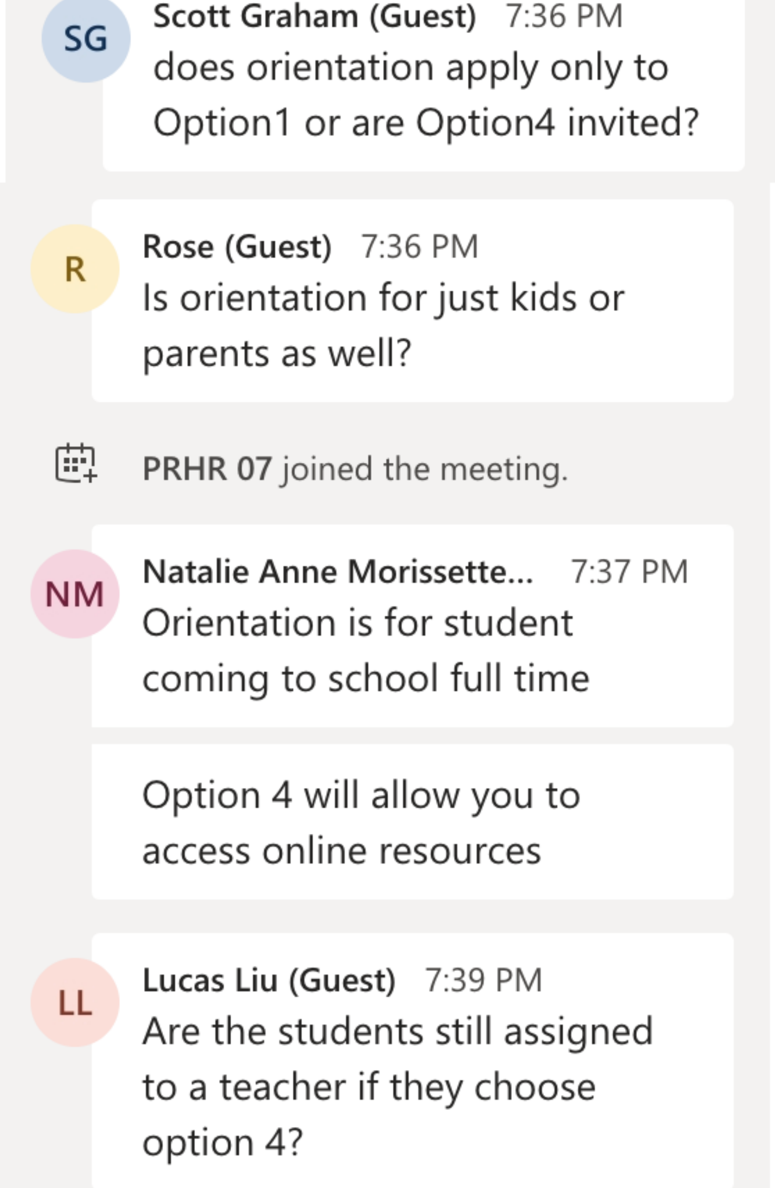


Sandra Sioui 7:33 PM
Option 4 question: Will the check in be with a teacher from leb?

Lynn (Guest) 7:35 PM
Will we have access to online french reading programs with option 4?

Lucas Liu (Guest) 7:36 PM
Can the teachers not provide weekly assignments like they do when kids are sick?

Natalie Anne Morissette... 7:36 PM
Assignment will be provide and or made available linked to the curriculum



Scott Graham (Guest) 7:36 PM
does orientation apply only to Option1 or are Option4 invited?

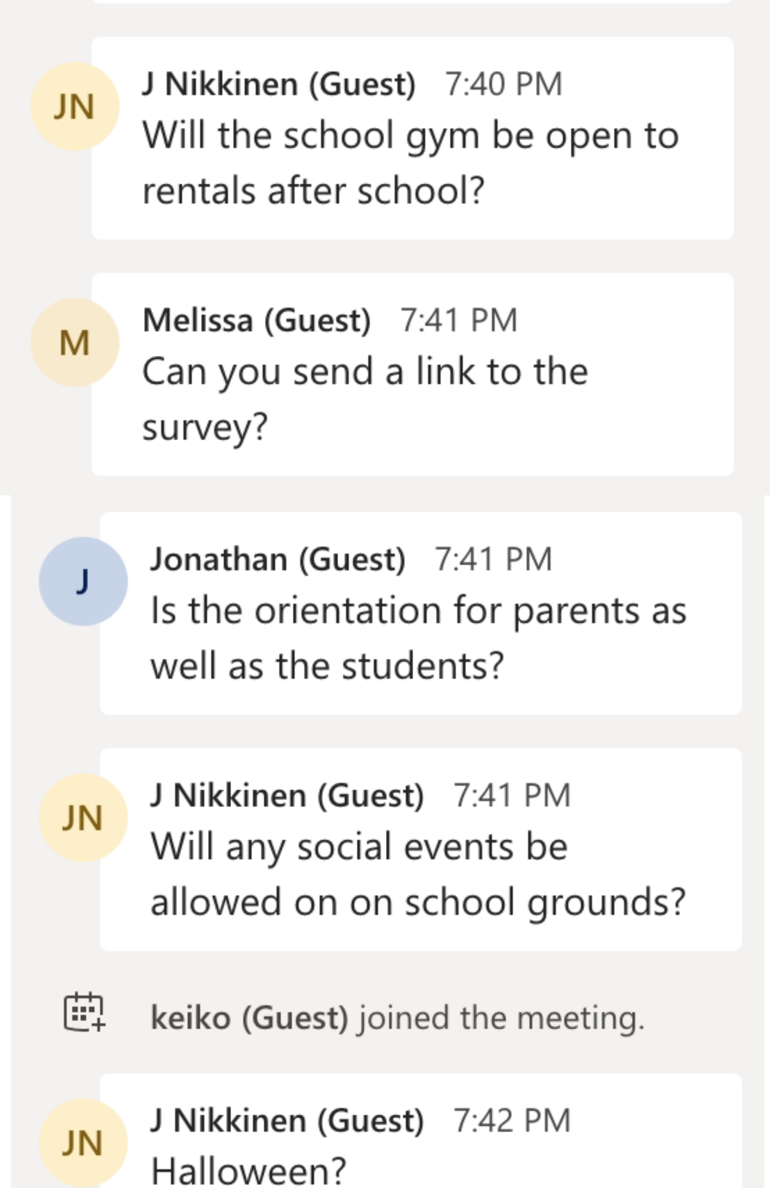
Rose (Guest) 7:36 PM
Is orientation for just kids or parents as well?

PRHR 07 joined the meeting.

Natalie Anne Morissette... 7:37 PM
Orientation is for student coming to school full time

Option 4 will allow you to access online resources

Lucas Liu (Guest) 7:39 PM
Are the students still assigned to a teacher if they choose option 4?



J Nikkinen (Guest) 7:40 PM
Will the school gym be open to rentals after school?

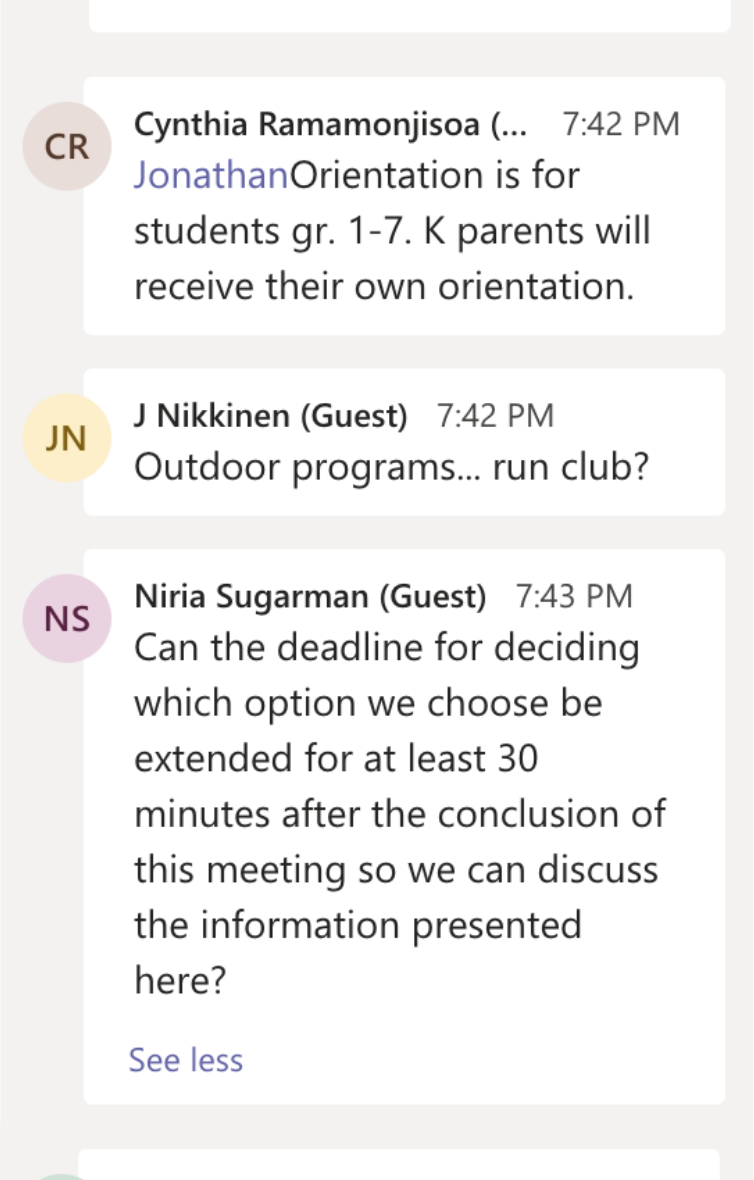
Melissa (Guest) 7:41 PM
Can you send a link to the survey?

Jonathan (Guest) 7:41 PM
Is the orientation for parents as well as the students?

J Nikkinen (Guest) 7:41 PM
Will any social events be allowed on on school grounds?

keiko (Guest) joined the meeting.

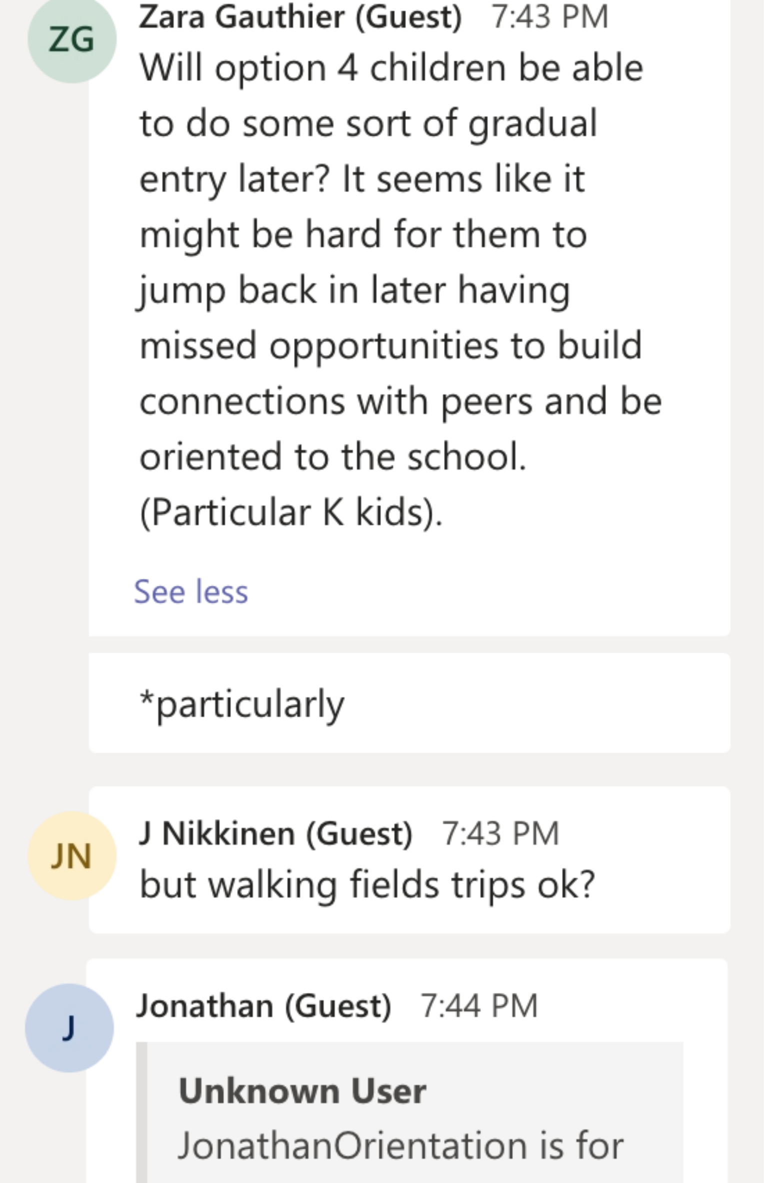
J Nikkinen (Guest) 7:42 PM
Halloween?



Cynthia Ramamonjisoa (... 7:42 PM
JonathanOrientation is for students gr. 1-7. K parents will receive their own orientation.

J Nikkinen (Guest) 7:42 PM
Outdoor programs... run club?

Niria Sugarman (Guest) 7:43 PM
Can the deadline for deciding which option we choose be extended for at least 30 minutes after the conclusion of this meeting so we can discuss the information presented here?



Zara Gauthier (Guest) 7:43 PM

Will option 4 children be able to do some sort of gradual entry later? It seems like it might be hard for them to jump back in later having missed opportunities to build connections with peers and be oriented to the school. (Particular K kids).

*particularly

J Nikkinen (Guest) 7:43 PM

but walking fields trips ok?
